

Department Description

The Public Works Department provides the physical infrastructure and services that meet the needs of city residents, plus achieves optimum costs for construction, operations, and maintenance. The department is composed of experienced, intelligent, and dedicated professionals who continuously work to improve service to the community. These professionals provide the imaginative planning, conceptual design, organizational leadership, and financial acumen that make the Public Works Department an integral part of the Sandy City Administration.

Department Mission

Working together, we provide exceptional services to support our community in the areas of infrastructure repair and maintenance, engineering, and traffic and fleet management. We listen ... and we respond. We value doing the job right the first time and treating people with dignity and respect.

Policies & Objectives

Maintain the city roadway system in the best possible condition with the available dollars holding at least 80% of the street system including the road surface, sidewalks, curb and gutter, and street signs at a good or better condition level. No more than 10% should be substandard.

- Plan, execute, and manage annual street preservation and maintenance programs, including crack seal, slurry seal, and asphalt overlay projects.
- o Maximize the use of maintenance dollars to obtain a balance between various asphalt surface treatments.
- o Execute a seven-year slurry seal cycle for residential streets.
- Construct, maintain, and upgrade the city-wide roadway system.
- o Update transportation masterplan.
- Replace, repair, and upgrade hazardous concrete throughout the city.
- o Perform hazardous concrete grinding when replacement is not required.
- Perform on-going city-wide infrastructure inventory.
- o Analyze one-half of the city's infrastructure annually.
- Complete a condition assessment for all city street signs.
- o Continue to replace all street name signs with high intensity materials.
- o Implement program to replace signs with a substandard condition code.
- Trim trees in the right-of-way which are hazardous to pedestrians and vehicles.
- Maintain a database of all city infrastructure.
- o Conduct database validation to ensure accuracy and standardization.

Provide responsive waste collection and recycling services for our citizens.

- Monitor contract with Waste Management to ensure timely service levels are maintained.
- Perform spring and fall curbside bulk waste collection.
- o Chip green waste for recycling and overall load reduction.
- Coordinate christmas tree recycling and fall leaf collection.
- Schedule dumpster services as requested by residents.

Manage all city capital projects.

- Provide engineering services including consulting, design, project management, survey, and inspection.
- Provide engineering review for all new developments.

Provide fleet management services which allow city departments to complete their assignments.

- Complete routine maintenance and repairs with the goal of minimizing equipment downtime.
- o Meet regularly with department fleet representatives to discuss problems.
- Maximize fleet replacement funds by closely monitoring vehicle and equipment specifications.
- o Meet annually with department representatives to make replacement plans.
- o Generally replace vehicles when they have 7 years and 70,000 miles of service.

Install ADA (Americans with Disabilities Act) compliant sidewalk ramps throughout the city.

- Follow ADA Transition Plan with a goal of being fully compliant by 2019.

Revenue Policy

- Meet current costs for the Waste Collection Fund.
- o Adjust fee schedule to account for increased operational and landfill disposal costs.
- Maintain road cut fees to cover costs.
- Maintain sign replacement fees to cover actual costs.

Road System

- Established department GIS program to manage and inventory all infrastructure assets.
- Developed GASB 34 program including infrastructure valuation, volume, and distance details.
- Created Streets Division Response Team to handle emergent problems on city streets.
- Updated the following databases to track maintenance costs: Stantec Pavement Management Application, Cartegraph Work Management System, and Microsoft Access based Concrete Management Program.
- Implemented a street sign inventory program and integrated the database with the department's work management system.
- Developed a crosswalk database to monitor condition codes and school zone safe walking routes.
- Received federal funding for the following projects:
- o 700 East widening (Phase I) from 9450 South to Carnation including Dimple Dell Bridge
- o 11400 South / State Street intersection reconstruction
- o State Street reconstruction from 8900 South to 10870 South
- o 1300 East improvements from Creek Road to Draper

Administrative Efficiencies

- Managed 2% budget reduction with no adverse impact on services provided.
- Assumed project management and administration for all city capital projects.
- Managed additional programs with no increase in department personnel.
- Enhanced communication capabilities by switching cellular service to NEXTEL. This service provides a radio feature which augments our current 800 MHz radios and GPS capability for vehicle tracking.

Public Works Facility

- Created a master development plan for the site at 700 West.
- Demolished old buildings on Hansen Stone property and designed detention pond located on the site.
- Built a vehicle wash facility which is in compliance with the city's NPDES (National Pollutant Discharge Elimination System) permit.
- Replaced north perimeter fence.
- Designed site layout for police department and community arts storage building.

Public Works Trucks Tandem Plowing Wasatch Blvd

The Public Works Department uses the following workload indicators to measure the effectiveness of its operations from year-to-year. In addition, Sandy City adopted the following maintenance policy as required by Statement 34 of the Governmental Accounting Standards Board (GASB): "It is Sandy City's policy to maintain at least 80 percent of its street system at a good or better condition level. No more than 10 percent should be substandard. Condition assessments are determined every year."

Measure (Fiscal Year)	2003	2004	2005	2006*
Discould (Tatal Calls)	22.075	20, 222	27.021	25, 520
Dispatch (Total Calls)	22,065	29,232	27,031	25,529

Slurry Sealing (number of streets)	175	222	315	278
GASB 34 Road System Summary				
Percentage Good/Better (>=6.5 score)				
Curb / Gutter	89.6%	92.2%	89.7%	N/A
Drive Approach	19.1%	96.3%	94.5%	N/A
Road (PQI)	89.5%	89.2%	90.9%	N/A
Sidewalk Condition	89.5%	87.2%	82.7%	N/A
Sign Condition	83.8%	83.5%	86.7%	N/A
Waterways Condition	27.8%	81.0%	73.4%	N/A
Overall Street System	88.6%	89.7%	88.5%	N/A
Percentage Substandard (<4 score)				
Curb / Gutter	0.1%	0.3%	0.3%	N/A
Drive Approach**	42.7%	0.3%	0.4%	N/A
Road (PQI)	0.8%	0.4%	0.2%	N/A
Sidewalk Condition	0.0%	0.0%	1.2%	N/A
Sign Condition	1.9%	3.2%	2.5%	N/A
Waterways Condition**	68.3%	0.5%	3.9%	N/A
Overall Street System	3.5%	0.5%	0.6%	N/A

^{*} Projected based on actuals from July 1, 2005 through March 31, 2006.

^{**} During fiscal year 2004 the city gathered more detailed information on drive approaches and waterways than had previously been gathered. This allowed the city to more accurately assess the overall concrete condition for each address in the city.

No significant budget issues.

1 Equipment O&M - This on-going increase will cover equipment and supplies for the wash bay.

2 Capital Outlay - This on-going increase will cover the replacement of hazardous sidewalks, including additional ADA ramps, road maintenance projects, and related increased materials costs. The increased funding will make it possible to continue to maintain city streets in the condition outlined in the policy above.

Transportation Employees Replacing a Street Name Sign

The Public Works Department strives to provide high quality waste collection services to our residents. The results of the Dan Jones & Associates Citizen Survey show that the citizens are very satisfied with the waste and recycling programs.

Citizen's Survey (Fiscal Year)	2003	2004	2005	2006
(Scale of 1-5, 5=Very Satisfied)				_
Garbage Collection	4.38	4.38	4.33	N/A
Recycling Program	4.17	4.19	4.02	N/A
Bulky Waste Program	4.41	4.52	N/A	N/A

Significant Budget Issues

- **1** Administrative Charges The overall increase in administrative charges for the entire waste fund was 5%; this consisted of a decrease to the weekly waste fund and an increase to bulky waste.
- **2** Waste Collection Fees The contract with Waste Management has a CPI adjustment.

Performance Measures & Analysis

The Fleet Division tracks the number of work orders processed and the direct labor hours in order to determine the efficiency of operations. Direct labor hours have varied the past few years due to mechanic turnover in the shop.

Measure (Fiscal Year)	2003	2004	2005	2006*				
Work Orders Processed	3,540	3,479	3,619	3,369				
Direct Labor Hours	8,769	8,582	9,658	9,143				
* Projected through the end of the fiscal year.								

Significant Budget Issues

1 Equipment - This amount will be used for the purchase of a 250-Amp welder.
